

LUNCHEON CLUB NEWS - REPORT BY DAVE BADGER - September 2024

20 Silhill u3a members (a “full house”) attended the recently opened Portuguese “Porto Douro” restaurant for the monthly feast. It was nice to see a couple of new members join the group. The restaurant, based on the Warwick Road in central Solihull, provided a limited, reasonably priced menu for the occasion, which seemed to cover everyone’s choice. The price included a drink with the meal. Servings were generous, one or two people failing to finish their sweets!!

The ambience in the restaurant was excellent and (of course) the constant chatter of our members added to the atmosphere. Service was very good and the staff very approachable. Consequently a few of our members had coffee and stayed on to socialise.

The luncheon group is a good way of meeting other members and has proved very successful over the years. It is a well organised group and we have been able to visit many local restaurants and by pre-ordering our food we all get served at the same time – so the moral to this story is : Listen out for dates of future lunches at the Core meeting or check the web site for future dates - **and book early to ensure your place`.**

Many thanks to Ann Wilkins for organising the group so efficiently.
